<Example>

- I manage cram school for elementary/junior high school students.
  - After all school are closed in March, most of students are absent from my cram school.
  - Therefore monthly tuition which is my monthly income has decreased.
  - In Jan., our income was as usual, in Feb., monthly income started to decrease. In March it has declined below half compared to that of before. None of our family members will gains income in April.
- In addition, an emergency declaration has already made some students Leave from my school, that means our financial condition won’t be good enough for the time moment as well.
